And speak the tongues of man and drake.."She. Was eating. Dried apricots." Junior spoke almost in a whisper yet the ridge was so quiet that he had no doubt each of these uniformed but unofficial jurors heard him clearly. "Walking. Around the deck. Paused. The view. She. She. She leaned. Gone." Another stiff might have required dragging; but Neddy weighed hardly more than a five-foot-ten breadstick. Junior hauled the body off the ground and slung it over one shoulder in a fireman's carry..Wally-Dr. Walter Lipscomb, who delivered Angel and who became her godfather-never worried when the girl seemed to be developing too slowly, counseling that every child was an individual, with his or her particular learning pace. Wally's double specialty--obstetrics and pediatrics-gave him credibility, of course, but Celestina had worried, anyway..When the old man died and Agnes inherited the property, the three of them played cards in the backyard for the first time on the day of his funeral, played openly rather than in secret, almost giddy with freedom. Eventually, when

Agnes fell in love and married, Joey Lampion joined their card games, and thereafter, Jacob and Edom enjoyed a greater sense of family than they had ever known before. "Thank you, Dr. Lipscomb. I'll keep track of what you're losing every month, and someday I'll pay it back to you." And although Simon would have denied it, would even have joked that a conscience was a liability for an attorney, he possessed a moral compass. When he traveled too far along the wrong trail, that magnetized needle in his soul led him back from the land of the lost. Golden lamplight gilded the front windows downstairs. He would sit with Victoria on the living-room sofa, sipping wine as they got to know each other. She might tell him to call her Vicky, and maybe he'd ask her to call him Eenie, the affectionate name Naomi had given him when he wouldn't tolerate Enoch. Soon, they would be necking like two crazy kids. Junior would disrobe her on the sofa, caressing her smooth pliant body, her skin buttery in the lamplight, and then he would carry her, naked, to the dark bedroom upstairs. In January '65, while Vanadium had been in the first month of what proved to be an eight-month coma, Enoch Cain had sought Nolly's assistance in a search for Seraphim's newborn child. When Vanadium had learned about this from Magusson long after the event, he assumed that Cain had heard Max Bellini's message on his answering machine, made the connection with Seraphim's death in an "accident" in San Francisco, and set out to find the child because it was his. Fatherhood was the only imaginable reason for his interest in the baby. Mrs. Lombardi had no visitors. She was alone in the world, her two children and her husband having passed away long ago. When Junior walked the cracked-linoleum corridor and descended the six flights of stairs to the street, he discovered that a thin drizzle was falling. The afternoon grew darker even as he turned his face to the sky, and the cold, dripping city, which swaddled Bartholomew somewhere in its concrete folds, appeared not to be a beacon of culture and sophistication anymore, but a forbidding and dangerous empire, as it had never seemed to him before. He shook so badly that he couldn't remove the cap from the bottle. He was proud to be more sensitive than most people, to be so full of feeling, but sometimes sensitivity was a curse. Ashamed and scared, she told no one. Although a victim, she blamed herself, and the prospect of being exposed to ridicule so horrified her that despair got the better of good judgment. Now, after removing the four decks of cards from the pressboard packs in which they had come, Jacob lined them up side by side on the scarred maple top of the table. She was forty-three, so young to have left such a mark upon the world. Yet more than two thousand people attended her funeral service—which was conducted by clergymen of seven denominations—and the subsequent procession to the cemetery was so lengthy that some people had to park a mile away and walk. The mourners streamed across the grassy hills and among the headstones for the longest time, but the presiding minister did not begin the graveside service until all had assembled. None here showed impatience at the delay. Indeed, when the final prayer was said and the casket lowered, the crowd hesitated to depart, lingering in the most unusual way, until Barty realized that like he himself, they half expected a miraculous resurrection and ascension, for among them had so recently walked this one who was without stain. "Well," Agnes said, "thank the Lord, we don't have tornadoes here in California." At the grave, they arrived with red and white roses. Agnes carried the red, and Barty brought the white. He pushed back the bedclothes and sat up, leaning against the pillows and headboard. "This is maybe a hard thing for you to do, but it's really important." Turning in circles, he tipped his head back, presenting his face to the streaming sky, laughing. As the fragrances of wet wool and sodden denim rose from her sweater and jeans, Agnes switched on the heater and angled the vanes of the middle vent toward Barty. "Honey, turn that other vent toward yourself." Yet in her heart, she wouldn't relinquish hope for a miracle. This was an amazing boy, a prodigy, a boy who could walk where the rain wasn't, already himself a miracle, and it seemed that anything might happen, that Dr. Chan might suddenly rush into the waiting room, surgical mask dangling from his neck, face aglow, with news of a spontaneous rejection of the cancer. "I suspect," Tom said, "that any job you set your mind to, you'd be as good as you are at teeth." Reading the dates on the headstone, he saw that the minister's daughter had died on the seventh of January, the day after Naomi had fallen from the fire tower. If ever asked, Junior would have no trouble accounting for his whereabouts on that day. Junior shuddered. Vanadium hadn't invented the name. It had genuine if inexplicable resonance with Junior that had nothing to do with the detective. On the nightstand waited a glass of water on a coaster and a pharmacy bottle containing several capsules of a potent painkiller. Thus far, there were only two unexpected developments, the first being his explosive vomiting. He hoped he would never have to endure another such episode. Junior's fear gave way to an appreciation for the irony in this situation. Gradually, he regained the ability to smile, tossed the coin in the air, caught it, and dropped it in his pocket. No sign of Vanadium. Some of the taller monuments offered hiding places on both sides of the cemetery road, as did the thicker trunks of the larger trees. "No. Charming," she disagreed. "There's a meaning to it. Everything has a meaning, dear." To her mother, Celestina said, "What did you mean when you said you'd heard all about Barty here?" The house was hers, free and clear of mortgages. There were two savings accounts to which Joey had diligently made deposits weekly through nine years of marriage. This brilliant mouthful was not nature's work alone. With what Nolly must have spent to obtain this smile, some fortunate dentist had kept a mistress in jewelry through her most nubile years. But when the lore-books of a wizard came into a warlord's hands he was likely to treat them with caution, locking them away to keep them harmless or giving them to a wizard in his hire to do with as he wished. In the margins of the spells and word lists and in the endpapers of these books of lore a wizard or his apprentice might record a plague, a famine, a raid, a change of masters, along with the spells worked in such events and their success or unsuccess. Such random records reveal a clear moment here and there, though all between those moments is darkness. They are like glimpses of a lighted ship far out at sea, in darkness, in the rain. The girl sucked in deep lungfuls of the weary clouds. "Better hold tight, Mommy, I'm gonna float." Behind his masking hands, the physician let out a thin sound, as though he were trying to pull from his heart an anguish that was embedded like a bur with countless sharp, hooked thorns. He would never allow himself to be bankrupted and made poor again. Never. His fortune had been won at enormous risk, with great fortitude and determination. He must defend it at any cost. "Crafty men" is what they called wizards in those days. On the morning of November third, Barty asked Maria to inquire of Agnes what she would like to have read to her. "Then when she answers you, just turn and leave the room. I'll take it from there." Darkrose and Diamond. Urgency gripped the paramedics. The rescuers' equipment and the pieces of the car door were dragged out of the way to make a path for a gurney, its wheels clattering across pavement littered with debris. "Yes?" the silver-haired eminence replied, wrinkling his nose as though he suspected that this customer would ask if the display pedestal was included in the price. The only bad moment in the evening came when the pianist played "Someone to Watch over Me." Bartholomew was an uncommon name, however, and logic suggested that if the baby was now called Bartholomew, he'd been named for his adoptive dad. Therefore, a search of the listings might be fruitful. Dr. Leland Daines, Celestina's internist, arrived directly from dinner at the Ritz-Carlton. Although Dairies had receding white hair and

a seamed face, time had been kind enough to make him look not so much old as dignified. Long in practice, he was nevertheless free of arrogance, soft-spoken and with a bottomless supply of patience..After following the blacktop fifty feet, Junior headed downhill through the close-cropped grass, between the tombstones. He switched on his flashlight and trod cautiously, for the ground sloped unevenly and, in places, remained soggy and slippery from the rain..An outrageously sexy redhead hit on him as he selected from an array of bomb-shaped canapes on a tray held by a waiter dressed as a ragged and soot-smearred blast survivor. Myrtle, the redhead, preferred to be called Scamp, which Junior entirely understood. She wore a DayGlo green miniskirt, a spray-on white sweater, and a green beret..The poor girl's blood pressure soared in spite of the medication. She suffered a violent seizure,.Tom Vanadium's uninflected but curiously hypnotic voice, his pensive manner, his gray eyes so beautiful in that fractured face, his air of measured melancholy, and his evident intelligence gave him a presence that was simultaneously as solid as a great mass of granite and yet otherworldly..Extracting documents from his valise, Vinnie said, "Well, I've no right to talk. Food is my obsession. Look at me, so fat you'd think I'd been raised from birth for sacrifice.".Tom removed the lid. No beer, one head. Simon Magusson's severed head lay faceup on the ice, mouth open as though he were standing in court to object to the prosecution's line of questioning..Reverend White's murder received significant coverage throughout the nation, especially in West Coast papers, because of its perceived racial motivation and because it involved the burning of a parsonage..As luck would have it," the nun said, "Dr. Lipscomb was in the when it happened. He'd just delivered another baby under.After prying Junior out of the meditative position, Chicane pushed him onto his back and vigorously--indeed, violently--massaged his thighs and calves. "Really bad muscle spasms," he explained..They were driven to St. Mary's by Detective Bellini in a police sedan. Tom Vanadium-a friend of her father's whom she had met a few times in Spruce Hills, but whom she didn't know well--literally rode shotgun, tensed to react, wary of the occupants of other vehicles on.Agnes ran to the kitchen, where she had been working when the doorbell rang, packing boxes of groceries to be delivered with the honey-raisin pear pies that she and Jacob had baked this morning..His leonine head and bold features, framed by golden hair, should have conveyed strength, but the impression he might have made was compromised by a fringe of bangs that curled across his forehead, a style unfortunately reminiscent of effete emperors of ancient Rome..He shook his head. "I think he's evil, not crazy. And stupid in the way that evil often is. Too arrogant and too vain to be aware of his stupidity-and therefore always tangled up in traps of his own making. But nonetheless dangerous for being stupid. In fact, far more dangerous than a wiser man with a sense of consequences.".At last he said, "And there he is, hands in front of his face, quarters bouncing off him, these kids and this old lady scrambling around him to snare some change.".In a neatly groomed neighborhood of unassuming houses, Vanadium's place was as unremarkable as those around it: a single-story rectangular box of no discernible architectural style. White aluminum siding with green shutters. An attached two-car garage..Junior drove them a little crazy by pretending not to understand their intent as they circled the issue like novice snake handlers warily looking for a safe grip on a coiled cobra..As one of the two paramedics hurried to the ambulance van and scrambled into the driver's seat, Agnes suffered another contraction so severe that for a tremulous moment, at the peak of the agony, she almost lost consciousness.. "So do I, honey. Oh, Lord, so do I." She kissed his forehead. "Listen, kiddo, in spite of their stories and all their funny ways, your uncles are good men.".the grass, silent because he is barely conscious, too badly beaten to protest or to plead for mercy, but also.LEFT HAND ON the banister, right hand with knife tucked close to his side and ready to thrust, Tom Vanadium climbed cautiously but quickly to the upper floor, glancing back twice to be sure that Cain didn't slip in behind him..Junior worried, however, that they had noticed him after he pulled to the curb twice behind them, that they were keeping an eye on him, ready to bolt if he got out of the car, in which case they might all make it inside before he could cut them down..All the way back to the ridge, sitting up front beside a county deputy in a police cruiser, with an ambulance and other patrol cars racing close behind them, Junior had shaken uncontrollably. When he tried to respond to the officer's questions, his uncharacteristically thin voice cracked more often than not, and he was able to croak only, "Jesus, dear Jesus," over and over..A fine carpenter can wield a hammer with an economy of movement and accuracy as elegant as the motions of a symphony conductor with a baton. A cop directing traffic can make a rough ballet out of the work. However, of all the humble tasks that men and women can transform into visual poetry by the application of athletic agility and grace, clambering into a Dumpster holds the least promise of beautification..Applying enough pain, he could have gotten cooperation even from Vanadium. The detective had said he'd heard Junior fearfully repeat Bartholomew in his sleep, which Junior believed to be true, because the name did resonate with him; however, he wasn't sure he believed the cop's claim to be ignorant of the identity of this nemesis..Knacker, Hisscus, and Nork, all talking at once, then failing silent as if they were a single organism, then talking in rotation but interrupting one another, tried to advance their agenda..Leaning across the front seat, he lowered the passenger's window six inches. Then he lowered the driver's-side window an equal distance..His waitress was a cutie. She flirted with him, and he knew he could have her if he wanted..He squirmed deep under the covers, clamped a plump pillow over his head to muffle the singing, and chanted, "Find the father, kill the son," until at last he fell exhausted into sleep..Intuition told Tom Vanadium that the removal of the paintings was significant, but he wasn't a talented enough Sherlock to leap immediately to the meaning of their absence.
